

# INTERNATIONAL CONFERENCE ON QUANTUM ENHANCED AI & SECURE COMPUTING

ADVANCING INTELLIGENCE, SECURITY, AND COMPUTATIONAL FRONTIERS

The International Conference on Quantum-Enhanced AI and Secure Computing (QASC) invites researchers, practitioners, industry innovators, and thought leaders to explore the rapidly evolving intersection of quantum technologies, artificial intelligence, and secure computing. Cutting-Edge Research Present breakthrough applications and visionary frameworks shaping the next generation of intelligent systems. Global Collaboration Foster interdisciplinary collaboration and knowledge exchange with researchers from around the world.

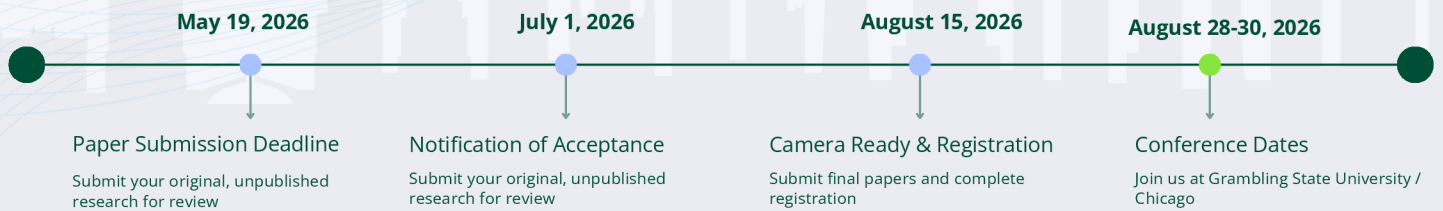

**CUTTING-EDGE RESEARCH**  
Present breakthrough applications and visionary frameworks shaping the next generation of intelligent systems.

**GLOBAL COLLABORATION**  
Foster interdisciplinary collaboration and knowledge exchange with researchers from around the world.

**SECURE COMPUTING**  
Explore quantum-enhanced cybersecurity, post-quantum cryptography, and zero-trust security models.

**INDUSTRY INNOVATION**  
Bridge academia and industry with enterprise quantum applications and practical implementations.

## CONFERENCE TIMELINE

## EVENT SPONSORSHIP OPPORTUNITIES

	PLATINUM \$15,000	GOLD \$3,000	SILVER \$600
Logo on Conference Website	✓	✓	✓
Keynote Speaking Slot	1 HR	30 MIN	10 MIN
Table / Booth / Exhibition Space	LARGE	MEDIUM	SMALL
Logo on Conference Materials	LARGE	MEDIUM	SMALL
Sponsored Workshop or Whitepaper Presentation	✓	✓	✓
Complimentary Registration	10	5	2
Complimentary Accommodation	10	5	2

**REGISTER NOW**

**28-30<sup>th</sup> AUGUST 2026**  
**IN PERSON CONFERENCE**  
at Chicago state university & Grambling, LA( 9:00 AM - 3PM CST)
